User Stories	Not Started	In Progress	Completed
As a data collector, I want to be able to complete and submit my survey data on the website.	●	● (8) Add functionality to the submit button on the website so that the survey can be submitted to the database	● (5) Add link to newest version of the datasheet on the website.
As a user, I want the app to work on both Android and iOS so that I can use it on an iPhone.	●	● (2) Configuring ios file so QRCodeScanner works for iOS	●
As a user, I want there to be a written/animated tutorial to understand how to do the survey.	●		● (3) Improve images and text ● (8) Add an infinite scroll of text and images
As a data analyzer, I want there to be a test database so that the data I am analyzing is not test data.	●	● (3) Create a new database for testing	●
